SUMMARY

- **Recognised certifications** and background in IT and Computer Science, with a **Diploma** completed in Oct 2023 and a **Bachelor's degree** in Nov 2025
- Self-taught **Machine Learning** enthusiast with a strong foundation in **deep learning, model evaluation,** and **data preprocessing**
- Proficient in **Python** and key libraries: **NumPy, Pandas, Scikit-learn, TensorFlow, PyTorch**
- Completed top-rated **MOOCs** from **Coursera, EdX, and Udemy**, applying concepts to small-scale **personal projects**
- **Fast learner** and highly motivated to contribute to real-world **ML** and **AI** applications
- Valid **driver license** with **car ownership**.

SKILLS

Technical skills: Machine Learning, Deep Learning, Algorithmic Trading, NLP, Computer Vision, Mathematics
Technical tools: Java, Python, C++, R, React, TypeScript, Query Language, GoogleCloud, Tensorflow, Pytorch
Interpersonal skills: Public Speaking, Teamwork, Communication, Positive Attitude, Adaptability
Languages: Vietnamese (native), English (fluent), Chinese (fluent), German (conversational)

EDUCATION

Bachelor of Computer Science

Majors: Big Data and AI
University of Wollongong
Graduate in November 2025

Diploma of Information Technology

University of Wollongong College
Graduate in October 2023

CERTIFICATES

Machine Learning Specialization

Stanford Online & Deeplearning.ai

Data Structures & Algorithms: Advanced

Future Software Engineers

PROFESSIONAL EXPERIENCE

Venue Assistant

Aug 2025 - Present

Canterbury-Bankstown Council

- Set up and packed down venues for events, ensuring a clean and safe environment
- Supported **front-of-house** operations, including ticketing and guest assistance
- Worked closely with team members to ensure smooth event delivery and satisfied **customer service**

Peer Assisted Leader

Oct 2023 - Present

UOW College (Liverpool)

- **Supported students in tutorial labs** by explaining lecture content and guiding lab work based on my own successful experience.
- **Offered 1-on-1 consultations** for students needing extra help
- Served as a more **approachable point of contact**, fostering student understanding and engagement.

Student Engagement Officer

Oct 2022 - Present

University of Wollongong (Liverpool)

- **Collaborated with student groups** to promote campus engagement through events and initiatives.
- **Assisted event managers** in organizing events such as orientation or club activities.
- **Mentored new students** by sharing experiences, offering advice, and connecting them to support resources

WORK EXPERIENCE

Information Manager Intern

July 2025 - August 2025

WheelEasy

- **Researched, photographed, and rated accessibility** for 100+ local venues and public spaces. (focusing on Bankstown-Canterbury Council and Fairfield Council areas).
 - **Compiled and updated accessibility information** directly on the WheelEasy web-app.
 - **Contributed to enhancing public access** and community inclusivity.
-

PROJECTS

Selective Furniture Website (for Business)

Complete

- selectivefurniture.com.au

QV Law Website (for Business)

Complete

- qv-law.com.au

Personal Portfolio: elyh8899.github.io

On going

- **Advanced AI Baby Monitor System with Breathing Detection Features:** I built a complete AI Baby Monitor with real-time breathing/movement detection, smart alerts, video streaming, and a professional dashboard
- **Pig Skin Disease Detection System for Farms:** AI-powered system that automatically detects pig skin diseases through camera monitoring and sends real-time alerts to farmers for early intervention.

interactL (Group Graduate Project)

On going

- A full-stack web application using React and Flask that provides an interactive educational platform for teaching and learning federated learning concepts through hands-on simulations and real-time progress tracking.
-

VOLUNTEER EXPERIENCE

International Student Leadership and Ambassador

May 2025 - August 2025

City of Sydney

- **Represented the international student community** in forums, contributing insights to inform policy and service development.
 - **Developed and implemented community projects** (e.g., career forums, networking events, city tours) to address international student needs.
